

Riyadh, Saudi Arabia

# ABOUT US

Rooted in the heart of Riyadh, our landscaping company is dedicated to transforming outdoor spaces into vibrant, functional, and sustainable environments. With a passion for design and a commitment to excellence, we bring a blend of creativity, technical expertise, and environmental sensitivity to every project.

**Whether residential, commercial, or public, we craft landscapes that reflect beauty, purpose, and harmony with the Saudi climate and culture.**

# OUR APPROACH

Our approach is client-centric, collaborative, and detail-driven. From concept to completion, we listen carefully to our clients' needs and vision, ensuring every design is tailored to lifestyle, usage, and sustainability goals.

We combine modern landscape architecture with environmental stewardship—using smart technology, native plants, and resource-conscious practices to create green spaces that thrive in Riyadh's unique climate. Our seamless process ensures quality craftsmanship, timely delivery, and long-term landscape performance.

# LANDSCAPING & DECORATIVE SOLUTIONS

Albani United specializes in high-quality landscaping and decorative services, delivering exceptional finishing and craftsmanship. With a skilled team and a commitment to excellence, we create visually stunning and functional outdoor spaces. Our attention to detail and innovative designs ensure every project meets the highest standards of beauty and quality.

# SWIMMING POOL DESIGN, CONSTRUCTION & MAINTENANCE

Albani United specializes in the design, construction, and maintenance of high-quality swimming pools. Our experienced engineers and technicians incorporate the latest innovations to create visually stunning and durable pools. Beyond construction, our dedicated maintenance team ensures long-term performance and optimal condition. Whether building a new pool or servicing an existing one, Albani United is your trusted partner for exceptional aquatic solutions.

# OUR SERVICES

1

## Landscape Design

We offer custom landscape planning for residential, commercial, and public environments. Our designs integrate functionality, visual harmony, and sustainability, tailored to client preferences and site conditions.

2

## Hardscape Development

We construct durable and aesthetically pleasing elements such as walkways, patios, pergolas, retaining walls, and water features—bringing structure and definition to outdoor areas.

3

## Softscape Installation

We specialize in the selection and planting of trees, shrubs, turf, and seasonal flowers suited to the local climate, ensuring long-lasting beauty and ecological balance.

4

## Irrigation Systems

Our team designs and installs automated, water-efficient irrigation systems that promote healthy landscapes while minimizing water waste.

5

## Landscape Maintenance

We provide comprehensive maintenance services, including lawn care, pruning, fertilization, pest control, and seasonal clean-ups—keeping your landscape healthy and vibrant year-round.

6

## Green Space Enhancements

We enhance urban environments with rooftop gardens, vertical greenery, and eco-zones—adding visual appeal, cooling effects, and environmental value to built spaces.

8

## Pool Construction

Our team designs and builds custom swimming pools for residential and commercial properties, seamlessly integrating them into the overall landscape design.

7

## Sustainable Landscaping

We prioritize sustainability through the use of native plant species, eco-friendly materials, and smart landscape practices that conserve water and reduce environmental impact.

9

## Fountain Installation

We create and install bespoke fountains and water features that serve as striking focal points, enhancing both the ambiance and value of outdoor spaces.
